

TESTIMONIALS

PREVIOUS HOMEOWNER AND REMODEL CUSTOMER

Returning to Texas in 2009 from Florida was unexpected. Having lived in Timmaron for 8 years, we really wanted to recreate the excellent lifestyle we had enjoyed before. We were fortunate to find a home in the center of town but it needed LOTS of work. Our previous homebuilder, PIERCE, was so good to work with, so we hunted Ken down and engaged him and Phil to help us turn an ugly duckling into a swan. Our experience was once again fantastic!! Working with Phil and Ken was like working with family. They are a professional, high quality and trustworthy team. Ken took our dreams and ideas and turned them into a home to be proud of. Phil was great! He spent a lot of time with us to make sure we understood everything and were satisfied. He called consistently to let us know what the status was, when workers would be at our house, etc. He was very knowledgeable, friendly and was a big help. We love our "New" home! Thank you so much for a job very well done!

REMODEL CUSTOMER

We would like to say again thank you for a good job well done. To all the "crew" at STONE MILL - thank you one and all.

Thank you many times for your good job and your patience with our plumbing problems,

We love everything!!

REAL ESTATE PROFESSIONAL, OVER 20 YEARS EXPERIENCE

Through the years, I have sold several homes built by STONE MILL HOMES - PIERCE HOMES - KEN AND PHIL, and I have always been very pleased with the results. They were even building "Green Homes" way before it was the "IN" thing to do. They build an excellent product, that is extremely energy efficient, and at a reasonable price. I even know of people who are repeat customers to them, which...if you have EVER build a new home, is a miracle!!!! Most people end up hating their builders by the time they are finished, but not with Ken & Phil. They compliment each other beautifully.

As a licensed Real Estate Broker in Southlake, I have been selling homes for over 20 years, and I generally try to point my buyers toward existing homes or volume builders, as the "small, customer builders" can be very difficult to deal with and even egotistical. However, many, many years ago, I ran into Ken and Phil and one of their new homes. I was truly delighted with both of them, their knowledge, Phil's technical expertise and Ken's creative abilities.

Buyers are always thrilled and amazed when they move into their first STONE MILL HOME - PIERCE HOME - KEN AND PHIL HOME! And the low utility bills, they don't even believe!

They are the ONLY custom builder that I ever take my buyers to. I know that they will get the job done correctly, on time, and at a reasonable price
